Scrip

It is once again time to start working towards filling our service hour commitments for the second trimester and Scrip is still an option. Scrip is the easiest way of raising funds for the school and fulfilling your service hour commitment. If you plan where you want to shop or go in the next few weeks, you can purchase scrip for these locations. Scrip is like a gift card, accepted everywhere. Our next Scrip order will be processed next week, so get in your order as soon as possible. The sooner you order, the sooner you can start helping. See the binder in the office for a complete list of scrip retailers.

Debate Competition

Everyone is invited to attend New Horizon School - Los Angeles' Annual Speech & Debate Competition this **Tuesday, January 26, 2010 at 11:00am.** Each class will present a topic and debate its positive and negative aspects based on the research they conducted in their classes. Come support your young debaters in their quest.

Inner-City Arts

This Friday, Inner-City Arts classes resume. In order to help us fulfil the state of California's Arts standards, New Horizon School - LA has contracted with Inner-City Arts to provide professional quality Arts education to our students. This term, the 1st, 2nd, & 3rd graders will attend Drama class and the 4th & 5th graders will attend Animation class.

We will still need parent volunteers to help with transportation to the Inner-City Arts location in downtown Los Angeles. If you can help with the transportation, please see Mrs. Shahida Alikhan in the office as soon as possible, so that we may know exactly who will transport which students every Friday. We thank all the parents who helped with transportation in Fall.

Science Fair

Every year New Horizon School - Los Angeles gives its students the opportunity to explore the world around them and think like scientists. Your students should have all selected their topics and should be starting their research by now.

All science fair research, writing, and experimentation will be done in class, equalizing everyone's chances of winning. The presentation board will be prepared at home. All projects will be due completely assembled, on the morning of February 16th. NO LATE Projects will be accepted.

Students have been given timelines which they are expected to follow. Students are required to do most of their work during Science & Computer periods, corrections will be sent home. Please follow all the guidelines to ensure project success. Please note the date of submission and the dates of judging.

PTO Meeting

Please join us for the PTO Meeting this Friday, January 15, 2010. There will be a special presentation answering any questions about the Science Fair. The meeting will begin at 3:45pm, please be on time!
