### Fire Safety Presentation

As many of you may know, we are in Fire Safety Month. In observance of this important month, we will have a special Fire Safety Presentation to educate students on fire safety. Firemen from our local fire department will come to the school and demonstrate how they use their equipment, tell our students a little about fire safety, and allow students to see a fire engine up-close. The presentation will be on Wednesday, November 5, 2008 at 10:30 am, so remember to be on-time!

### Mae Jemison

Last week, Miss Nishat Alikhan went to the California Science Teacher's Association's annual conference and met Dr. Mae Jemison, the first African-American woman in space.

### Faculty Workday

Each month, teachers are expected to attend some sort of professional development opportunity. One of our financial aid organizations, the Aldeen Foundation, conducts teacher education workshops four times a year. The third workshop in their series will be Monday, November 10, 2008. Therefore, there will be **no school on Monday, November 10, 2008**. Please make your own arrangements as there will not be anyone at the school.
