Fire Safety Presentation

As many of you may know, we are in Fire Safety Month. In observance of this important month, we will have a special Fire Safety Presentation to educate students on fire safety. Firemen from our local fire department will come to the school and

demonstrate how they use their equipment, tell our students a little about fire safety, and allow students to see a fire engine up-close. Students will also learn about the qualifications to become a fireman. The presentation will be on Thursday, November 5, 2009.
